PLEASE READ CAREFULLY BEFORE
ORDERING

NO ORDERS ACCEPTED AT PRICES QUOTED FOR LESS THAN \$2.00 TRANSPORTATION CHARGES ARE TO BE PAID BY THE PURCHASER. ALL PLANTS ARE OUT OF 2½ INCH POTS OR LARGER, CAREFULLY PACKED AND THERE IS NO PACKING CHARGE. WE CANNOT ACCEPT ANY RESPONSIBILITY FOR DAMAGE IN TRANSIT. IN CASE OF DAMAGE, MAKE IMMEDIATE CLAIM ON CARRIER. WE MAKE NO SUBSTITUTION UNLESS REQUESTED. PLEASE GIVE A SECOND CHOICE WHENEVER POSSIBLE. C.O.D. SHIPMENTS ARE NOT ACCEPTED. IF PARCEL POST SHIPMENTS ARE DESIRED, ADD 25% OF THE AMOUNT OF YOUR ORDER TO COVER POSTAGE. ANY OVERPAYMENT WILL BE REFUND-ED.

Some of the scented varieties of scented geraniums require considerable imagination to associate them with the scent of that particular variety, so we can not make any guarantee as to odors.

PELARGONIUM SWEET-SCENTED,
NOVELTIES AND ODD VARIETIES OF
GERANIUMS

abrotanifolium — Southernwood-leaved Geranium. Slender growth, small grey-green dissected leaves of strong aromatic scent. Small white flowers. 50c

acerifolium — Maple-leaved (syn. Paceroides). Pungent spicy scent. Light green, rough, deeply 5-lobed leaf, resembling maple. Handsome, tall grower. Lavender flowers, arrow-shaped, carmine markings on upper petals. 35c

acetosum — Thin stems with small fleshy leaves tasting like sorrel. Good-sized flowers, narrow petals, of pleasing pale shrimp with darker veining. Unusual and rare. \$1.00

adcifolium — Snowflake. An extra choice variety, round hairy leaves with white blotches in leaf. Rose scent, Lavender bloom. 50c

Australis — Spicy scent. Soft, light green leaf, quite large. Difficult but handsome. 40c

blandfordianum — Deeply cut leaves of silver grey. Attractive white flowers with pink markings. Free flowering. 50c

Brilliant. Slightly pungent. Cordate, crenate, dark green leaf. Spreading plant. Fine cerise flowers, medium size. 60c

capitatum — Larger leaves than regular rose geranium. Scent like attar of roses. Pale lavender flowers. 50c

Capri — Large crisp crinkled leaves. Mild scent. Beautiful crimson flowers. 50c

citriodorum, Prince of Orange. Orange scented, quite small, crenate leaves. Compact, showy plant, large among scented varieties. Free-gloomng, pale orchid flowers, upper petals lavender with a large maroon "feather" on each. 50c

Clorinda — Eucalyptus scent. Rather large, 3-lobed, crenate leaves. Compact plant. Large pink flowers, free blooming. 50c

crispum lactifolia — Fruity orange scent. You will like it. 50c

crispum, Lemon. Tiny crinkled leaves. Grows to pyramidal shape. The most distinct lemon scent. One of the finger bowl geraniums. 50c

crispum, minor, Finger Bowl Geranium. Strong citronella scent. Tiniest leaves of all crispum varieties. Leaves stemless. Same plant growth. Smaller flowers. 50c

crispum, Prince Rupert. Lemon scent, strong and pleasant. Small, smooth, crenate leaf. Same growth, largest of group. Lavender flowers, upper petals carmine-veined. 50c

crispum variegatum, Variegated Prince Rupert. Lemon scent less pronounced than Prince Rupert. mint. Deeply cut leaf of attractive velvety grey. 60c

crithmifolium, Samphire-leaved Geranium. Thick cylindrical succulent stem, with large, fleshy, much divided leaves. Many branched cluster of fair-sized white flowers with pink veining. Has a dormant season, usually in summer. Very scarce. \$2.00

cucullatum, Lemon Balm. Lemon pungent. Rough, variable cordate crenate and pubescent leaves. Tall, vigorous and spreading grower. Lavender flowers. 50c.

decipiens, Pungent scent. Wide, crenate, light green leaf. Spreading grower Free-flowering, with insignificant rose flowers. 40c

dennisianum. Round Leaf Balm. Large fragrant leaves. Spreading growth. Free flowering, lavender, upper petals brushed purple. 40c

denticulatum, Pine scented. Foliage sticky and finely cut. Small white and pink flowers. 50c

denticulatum x tomentosum — Pugent Peppermint. Deeply cut leaf of attractive velvety grey. 50c

echinatum, Cacti Pelargonium. Leaves tomentose. Clusters of small white flowers with red markings, resembling hearts on upper petals. Stem with spine like stipules. Dormant in summer. 50c

filicifolium, Fern-leaf. Pungent scent. Sticky, 5-lobed, finely-cut, ferny leaves. Tall, spreading plant, Finest cut foliage of all the scented. Tiny blush-pink flowers, each 2 carmine streaks. 50c

filtrum, Mrs. Taylor. One of the most brilliant flowering varieties. Attractive cut leaves, mild scent (same as Coccinea). 50c

fragrans, Nutmeg. Small round light green leaves with a silver cast; slightly scalloped. Flowers are white in tiny clusters. 40c

fragrans, turpenthia, Pine-scented. Clean, refreshing pine scent. Small, 3-lobed cordate leaf similar to fragrans, Nutmeg, but slightly larger and with more compact manner of growth. Sprays of tiny white flowers with garnet-brushing on upper petals. 40c

Gibbosum — Large ruffled, deeplobed leaf, yellow flower, night bloomer. 40c

glaucifolium — Remarkable for its large, handsome leaves and night scented maroon-black and greenish-yellow flowers. A real collector's item. \$2.00

Godfrey's Pride — Mint-scented, Mint, strong and delightful. Large, bold, 5-lobed, not deeply indented, yellow-marked leaf. Prostrate grower. Light pink flowers. 40c

graveolens, Old-fashioned Rose. Lemon-rose scent. Deeply cut, pubescent, heart-shaped leaf, finer than capitatum. Tall, compact plant. Small orchid flowers, purple-veined. 35c

graveolens, camphorum, Camphor Rose. Camphor scent. 5-lobed leaf, otherwise similar to graveolens. 35c

graveolens, Dr. Livingstone, Skeleton Rose. Lemon-rose scent. Fairly large, 7-lobed, finely cut leaf. Lavender flowers. 40c

graveolens, Elkhorn. Strong rose scent. 3-lobed leaf with large divisions further separated. Tall, strong plant. Small orchid-pink flowers. 40c

graveolens fragrantissimum — Penterating sweet rose scent. Lobes crenate rather than deeply cut. Otherwise like graveolens. 35c

graveolens giganteum, Giant Rose. Less fragrant than species graveolens. Larger leaf. 35c

graveolens, Gray Lady Plymouth. Strong rose scent. Silvery grey leaves with white margins. 50c

graveolens, Lady Plymouth, variegated. Mint scented green and white leaves. Very unusual. 50c

graveolens, Red-flowered Rose (formerly Vandasiae). Slight rose scent. 3-lobed, small crenate leaf, very crinkly when small. Compact plant. Bright cerise flowers. 50c.

graveolens minor, Little-leaf Rose. Strong rose scent. Smaller leaf than graveolens. Low, compact plants, Tiny rose flowers. 35c

graveolens, Round Leaf Rose. Rose scented, lavender pink blooms. 40c

Gratum — Cinnamon scented. A good grower. 50c
grossularioides, Gooseberry-leaved. Slightly pungent. Crispum-like leaves, some yellow-marked. Compact plant. Free-flowering, pale lavender with cerise markings on upper petals. 50c

limonium, Lady Mary. Slight lemon scent. Rather small hairy leaf less sharply toothed than limonium. Compact growth. Handsome for specimen use. Free-flowering magenta blossoms. 50c

Logeei's Hybrid — Cross between fragrans and odoratissimum. Leaves similar to Apple. Dwarf growth. 75c

melissimum, Lemon balm. Lemon-balm scent. Tri-lobed, light green, crenate leaf. Handsome sturdy plant. 35c

No. 36 — From Kew Gardens in England. Round leaves, scented. 35c

nervosum, Lime-scented. Pleasing lime scent. Small, smooth, deep green, sharp-toothed leaf, similar to torento but smaller and more sharply dentate. Compact growth. Lavender flowers, darkly marked. 50c

odoratissimum, Apple. Apple scented. Crisp, light green, oval crenate, velvety leaf. Compact plant with vine-like flower branches. Tiny white flowers upper petals with red pin points. 50c

Old Scarlet Unique. Pungent. Woolly, pointed-lobed, greyish leaf. Rangy plant. Rare, handsome. Large scarlet flowers with striking black markings, free blooming. \$1.00.

Pretty Polly, Almond scented. Pungent. 5-lobed, cordate leaf, resembling domesticum. Crisp, fresh look to compact mounds of the plant. Flowers rare but unusually lovely, pink, upper petals maroon-spotted and brushed. 40c

parviflorum, Cocoanut scent. Round shiny leaves. Tiny pink flowers. 50c

quercifolium, Beauty. Pungent scented. Lovely dark-leaved variety. Small rose flowers. 50c

quercifolium, Fair Ellen. Pungent scent. Bold round-lobed, purple-marked, rough-textured leaf. Leaf and stem sticky. Medium size, lavender flowers, spotted darkly on upper petals. 50c

quercifolium, Fringed Oak x Fair Ellen. Pungent. Smaller leaf than Fair Ellen some leaves more definitely 3 than 5-lobed, sometimes slightly contrasting midrib colorings. Tiny lavender flowers, purple-brushed, hairy petioles and stems. 40c

quercifolium, giganteum, Giant Oak. Pungent, 3 to 5-lobed, variable leaf form older leaves with deep purple veins. Coarse, tall grower, excellent for standards. Stems somewhat sticky. Small rose flowers. 40c

quercifolium pinnatifidum, Sharp-toothed Oak. Pungent, Leaf elongated, pointed often crinkled and purple-marked through a wide area, 5-lobed and further divided Pale pink flowers, deeply marked rose, very like Fair Ellen. 40c

quercifolium prostratum, Prostrate Oak. Excellent pungent scent. Small leaf blotched purple. Low spreading growth. Small lavender flowers. 35c.

quercifolium, Skelton's Unique. Pungent. Small rather round leaf, slightly scalloped and hairy. Rangy, prostrate growth. 40c

quercifolium, Staghorn Oak Leaf (formerly True Oak). Pungent, 5-lobed, very distinctly divided leaf, narrow purple veining. More prostrate than Fair Ellen, fine hanging sort of plant. 50c

quercifolium, Village Hill Hybrid. Pleasant pungent. 5-lobed narrow, crenate leaf, new ones like moss-curl parsley. Small showy lavender flowers. 50c

rapaceum, Mrs. Kingsley. Slightly pungent, perhaps mint. Small leaf almost round, much ruffled and silvered, suggests curly parsley. Compact growth. Flowers deep, rich cerise. 50c

radula, Crowfoot. Pungent rather than mint scent. Fine-toothed like Dr. Livingston but greyer, lobed leaf with triangular divisions. Compact growth. Freest flowering of all scented, small rosy flowers. 40c

Rober's Lemon. Rather deeply cut, grey green leaves. Delicate lemon rose scent. Lavender flowers. 50c.

Rollinson's Unique. Mint rather than pepper scent. Pubescent leaf, somewhat like P. rapaceum but larger and less crinkled. Rangy grower, readily climbing if supported and tied, specimens seen up to 5 feet. Brilliant, pleasing magenta flowers. 40c

scabrum, Apricot (syn. M. Ninon). Pungent, doubtfully apricot. Dark, glossy, rather pointed leaf, deeply toothed and irregular. Large lovely brilliant deep rose flowers. 50c

scandens (syn. Climbing Geranium). Round, crenate, slightly zoned, shiny dark leaf. Spidery, magenta flower clusters with single florets of linear petals. 75c

scarboroviae, Countess of Scarborough. Pleasant fruity, strawberry scent. Small, crinkled, tri-lobed leaves suggesting crispum but larger. Purple flowers. 60c

Schottesham Pet, Filbert scent. 5-lobed, further divided, rather pointed pubescent leaf, light green. Frosty, hairy stems,. Rosy flowers. 50c

Shrubland rose. Pungent. Large heavy, glossy leaf, less finely cut to 5 crenate lobes than Fringed Oak x Fair Ellen. Tall, vigorous and spreading plant. Handsome when showy rose flowers open, free-flowering. 40c

stapeltoni (syn. Miss C. Stapelton's Storkbill). Cross of echinatum and saepeflorens. 5-lobed crenate, cordate leaves. Shrubby, glossy, barked stem with spiny stipules, bent downwards. Petals white, suffused carmine, large purple spots on upper ones. Cactus. 50c

terebinthinaceum, Little Gem. Pungent. Tri-lobing of leaf, very marked with finer divisions, light green, pubescent. Compact, low-growing plant. Free flowering, lavender-rose, upper petals spotted deeper and veined purple. 40c

tomentosum, Peppermint. True refreshing mint scent. Large, velvety "grape" leaf. Widely procumbent grower. Tiny white flowers with purple veinings. 50c

teragonium (syn. Square-stalked Jenkinsonia or Cranesbill). Few very small round, crenate, "rubbery" leaves. Unequal quadrangular stalk, sometimes triangular. Disproportionately large, 4-petaled, rose and white flowers. 60c

tomentosum x graveolens, Joy Lucille. Strong mint scent. Bold, triangularly lobed, light green, "felt" leaf. Rangy, rampant grower. Pink flowers. 60c

toreto. Ginger-scented. Pungent, slight ginger. Round leaf with toothed edge, grey, "frosted" stems. Toreto similar to lime but leaf larger, lighter green and less sharply-toothed. Flowers, showy, rose lavender. 40c

viscosum glutinosum. Oily, pungent scent. Sticky, toothed, 5-lobed leaf. Tall, shrubby and vigorous. plant. Rose flowers, carmine dots. 40c

viscosum, Pheasant's Foot. Pungent. Narrower, more deeply toothed leaf than P. viscosum glutinosum. Same flowers. Named for resemblance to a pheasant's footprint in snow. 40c

VARIEGATED VARIETIES — NOVELTIES AND ODD VARIETIES OF SINGLE AND DOUBLE GERANIUMS

Achievement — Slight zone. Single red flower 40c
Alba Pleno. — A good double white, on long stems. Blooms well. 40c

Alhpa — Prominent narrow, red-brown zoning on medium size, light green leaf. Compact, low-growing plant but taller than real dwarf. Flowers single red, in profusion. 50c

Alice Lemon — Single flowers. White edge with salmon pink center. 50c

Attraction — variegated leaf, green with white edges. Flowers vermillion red. Free bloomer. 40c
Battle of Gettysburg — Sturdy plant with green foliage. Large bi-colored blooms of purple and red. A flower you won't forget. 50c

Beckwith's Pride — Marbled or silver-leaved white and green foliage mixed on plant. A novelty that pleases. Large trusses of scarlet flowers. 40c

Better Times — Free bloomer. Large double crimson flowers. 40c

Bird's egg — Double Pink. Orchid pink, with a number of smaller curled petals in the center, top petals white at base. All petals, but particularly the larger lower ones, lightly dotted with small round rose-red spots. Strong grower, large double flowers, free bloomer. \$1.00

Single Pink — Deep bluish pink, base third of top petals is white, all petals, but particularly the lower three, dotted with small round rose-red spots. Strong grower, free blooming. \$1.00

Single White — White, faintest lilac under-tone. All petals, but particularly the lower three, conspicuously dotted with small round rosy-violet spots. Slower, bushier grower than the above two varieties, very free flowering. The rarest and finest of the three Bird's Egg Geraniums. \$1.50

Black Vesuvius — Dwarf. Smallest leaf, black, green lobed. Bright red flower. Always in bloom. Stock always limited. \$1.50

Bismark — Large, yellow-green leaf with broad brilliant bronze zone. Single vermillion flowers. 40c

Bronze Beauty — Yellow-green foliage with a wide striking, red-bronze zone prettily scalloped. Small pinkish flowers. 40c

Bougainvillea — Lovely dark Rose Bengal color with large white center, single fowers. A good boomer. 40c

Barbara Hope — Single, deep, brilliant salmon-pink, round-petaled, large trusses. Tall, sturdy plant. \$1.00

Beaute Poitevine — Semi-double, light salmon-apricot, deeper in the center. Large flowers Strong, bushy plant. 35c

Canadian Pink and White — White with penciled edge of pink. Double, large trusses. 50c

Cherry Copper — The most gorgeous cloro imaginable. Immense cherry red, flowers. Blooms well. 50c

Cloth of Gold — Plain golden leaf, single bright red flowers. 50c

Crystal Palace Gem — Plain golden leaf, with a splash of dark green in center. Single bright pink bloom. 50c

Dakota — Golden yellow, dentate leaves with redish brown ring. Red flowers, profuse bloomer, similar to Alpha except smaller plant. 50c

Distinction — Small, dentate, round, green leaf with distinct brown circle near outer edge. Darkest, most clean cut zone of all. Red flowers. 45c

Double Lady Pollock — Medium-green leaf center, dark red-an-orange-splashed, irregular zoning with brilliant yellow scalloping. Vermillion fowers. 50c

Double Poinsettia — Very dark red flower, resembles a Poinsettia. Good bloomer. 45c

Edee — Phlox pink with white blotch on upper petals. Beautiful. 40c

Flower of Spring — Lovely green and cream foliage. Scarlet flowers. 50c

Frutetorum — Pretty dark zoned leaf. Single salmon-pink flowers. Free blooming. 40c

Gertrude Pearson — Lovely light pink with white eye. \$1.00

Golden Brilliantissima — Bright green leaves. brilliant scarlet flowers. Single 35c

Happy Thought — A tri-colored green foliage light creamy almost white center, dark zone. Bright scarlet flowers. 50c

Hills of Snow — Leaves silvery grey edged with white. Flowers double, light pink. Free, flowering 50c.

Inquinans — This is a zonal. Supposed to be parent of fancy leaf geraniums. Red flowers. 35c

Jeanne, or Carnation — Unique cluster of bright salmon rose florets, with distinct cut eadge. Resembles a carnation and blooms well. 35c

Jubilee — Pale green leaf, bright chestnut zone. Blooms all the time. 40c

Jules Vasseur — Bright carinal red, with distinct white eye and slight violet shading on upper petals. 35c

Kleiner Liebling, or Little Darling — Very attractive dwarf growing, with tiny pink flowers. Light green foliage. It is rightly named. 50c

Le Fiesta — Bright vermillion red. Huge single flowers. This is without doubt one of the finest bloomers. 40c

Louise — Beautiful deep scarlet red. Exceptional flowers. 40c

Marguerite de Layre — Pure white flowers on long stems. This is one of the best whites. Continuous bloomer. 40c

Mary Ann — Creamy white edge on light green leaf. Single, scarlet flowers. 50c

Marshall McMahon — Golden yellow leaves with zone of chocolate brown. Small red flowers. 50c

Mme. Buchner — Double White. Compact, bushy, easily grown plant. Free flowering. 35c

Mme. Jaulin — syn. Apple Blossom.* True apple blossom pink. Lovely enormous trusses. 35c

Mme. Landry. Semi-double. Salmon Large flowers of good form. 35c

Mme. Pollock — Foliage tri-colored bronze red zone, crimson yellow edge and green. Single orange flowers. 50c

Mme. Lanquith — Sliver white and green leaved with double cherry red flowers. 50c

Mme. Salleron (syn. Mme. Salleron). Bright green leaf white edge. Fine for border plant. No flowers. 35c

Mme. Thibout — Flowers pale pink almost white with notched edges. Very pretty and different. You should have this one. 45c

Montmort — Bright magenta with trifle white in center. Compact grower, profuse bloomer. 35c

Mountain of Snow — Luxuriant silver foliage, scarlet flowers. 50c

Mrs. Close — Nice large plant, single flowers, white with pinkish edges. A good bloomer. 40c

Miss Burdett Coutts — Two-toned green center encircled by a colorful irregular band of ripe olive, red and green, insectional splashes, all of this surrounded by a creamy yellow or white gold border. Low, slow, bushy growth, excellent for pot culture. The finest Silver Tri-color and one of the most outstanding of all Fancy-Leaved Geraniums. Small single light red flowers. \$1.50

Mrs. Cullum — Green leaves edged cream-yellow with brown zone somewhat spashed red. Both the border and the zone are lighter and narrower than in Mrs. Pollock. Small, single, scarlet flowers. 50c

Mrs. Cox — Green leaves edged bright yellow with a very wide zone splashed scarlet crimson and brown. The zone is broader and nearer the edge than in Mrs. Pollock, and the leaves are less lobed. Fairly tall plant that grows quite easily. Small, single, light salmon flowers. The most brilliant, and the rarest of the Fancy-leaved Geraniums. \$2.00

Mrs. Fournier — Dark Green, zoned and scalloped leaf. Compact plant form. Single, scarlet flowers in clusters of 6. 75c

Mrs. Parker — Silver leaf foliage, double clear pink flowers. A good one. 40c

Nellie B. — Green leaves. Large single pink flower. Blooms well. 35c

Noel — The new pure white Cactus-Flowered Geranium. Stronger stems, better foliage, and more branching habit than the red Poinsettia. Free blooming — even plants in small pots will bloom. First time ever offered, it is a real 1948 Novelty for the collector. \$1.00

Palmatum — Species from South Africa. Small trailing plant, green leaves with very dark zone. 80c

Pigmy — Flowers and plant not over six inches high. Small bright red flowers. Constant bloomer. \$1.00

Pink Poinsettia — Double flowers, pale orchid-pink. Two or three upper petals white near base. Compact growth. Continuous bloomer. 35c

Poinsettia Geranium or Kovenbun — Appearance of a miniature Poinsettia. Narrow red petaled flowers. An extra good bloomer. 40c

Roe-Bud Geranium — Lovely deep rose red flowers, resembling tiny rose bud. 40c

Rose-Bud Pink and White — Very double rose like florets, white tinged with green and edged with pink. Larger than the red plant. 50c

Skies of Italy — Most colorful of all except Mrs. Cox. Leaves brilliantly edged with one of red-orange and yellow single orange-red flowers. 70c

Scarlet Pimpernel — Dwarf. Very compact grower. Small flowers. 50c

Snow Drop — Pure white with large trusses. Free bloomer. 40c

Stars and Stripes — Rather small red and white flowers. Very attractive. 35c

Olympic Red — Double, bright red. Best of double scarlets. 35c

IVY-LEAF GERANIUMS

Admiral Byrd — Orchid with red and white markings on upper petals. 35c

Alliance — Lilac white, blotched with bright crimson rose. French hybrid, cross between Ivy and Geranium. A good bloomer. 35c

Bridesmaid — Double, soft orchid or cattleya pink, inconspicuous rose red veining and small spot in top petals. Very large flowers, long stemmed umbels. Fine as a cut flower. Vigorous long growth, blooms freely. Finest coloring and size is obtained in partial shade. 50c

Cayucas — Double, soft rosy pink with a distinct fuchsia undertone. Top petals heavily veined deep violet from base to center spot of cerise red. Medium growth. large umbels. large flowers. 50c

Charles Monselet — Double, cerise rose-red. Buds rose-type, large flowers, petals twisted. Medium strong grower. Showy color. 40c

Charles Turner — Double, strong rose pink. Large flower, free bloomer. Long, strong growing and well known as the most popular rose pink Ivy Geranium. 50c

Col. Baden-Powell — Semi-double, white flushed palest lilac, top petals marked cerise. Large flowers, very free flowering. Medium growth, may be kept short. One of the finest. 40c

Cotmesse De Grey — Semi-double soft satiny pink, top petals marked light violet. Medium flowers, free bloomer. Long growth. 35c

Diener's Lavender (syn. Gant Lavender). Double lilac lavender, top petals slightly marked cerise red. Very large flower, free blooming. Long, bushy grower. 50c

Double Lilac White — Double white, lilac flush around center. Strong grower, good umbels, free flowering. 35c

Galilee — Double, soft medium pink. Good sized, formal flower. floriferous. Bushy, average growth. Most popular pink variety. 40c

Gordon's Glory (syn. Scarlet Beauty) — Semi-double, bright red, often with a narrow lighter stripe lengthwise on some petals. Medium flower, free bloomer. Short growth, may be kept compact. 35c

Intensity — Semi-double, brilliant deep orange scarlet. Long growth, large flowers, free blooming. Outstanding bright red Ivy Geranium. 40c

Jeanne D'Arc — Single, faintest lilac, reddish stripes in top petals. Medium sized flower blooms seasonally. Of long, bushy growth and dark foliage. 35c

Jester — Double, large orchid pink, all petals with small rosy stripes at edges. Some lower petals with a small rosy spot in center top petals marked rose, spot of red, and elongated white mark at base-half of petal. Occasional flowers are partly striped lengthwise or are all rose, or one or more flowers entirely rose red. Medium growth, very free booming. 75c

Joseph Warren — Double, rich rosy violet-purple, deeper when in bud and on first opening. Large flower, very free bloomer. Medium grower, may be kept compact. The richest, deepest colored Ivy Geranium. 50c

Madame Margot — Single, glistening white with faintest lilac flush, top petals with two deep violet stripes. Medium sized flower. Average growth. Cultivated for its foliage, typical leaf being light green, with an irregular creamy-white border which turns pink or rose-mallow under adverse (dry) conditions. 50c

Mrs. Banks — Semi-double, bluish white, top petals marked light violet. Medium flower, free and continuous bloomer. Long growth. Finest white garden display variety. 35c

Mrs. H. J. Jones — Double, deep rose pink, slight salmon flush. Medium flowers, petal edges serrated. Long growth. The only "carnation-like" Ivy Geranium flower. 50c

Old Mexico (Schmidt) — Semi-double, rose cerise slight violet undertone deep maroon stripes at base of top petals. Not as much violet as in neon. Large umbels of medium-large flowers, very free flowering. \$1.00

Pink Alliance — Resembles Alliance in habit of growth and bloom but the large double flowers are a beautiful deep pink, reverse of petals near-white. 75c

Princes Victoria (syn. La France, Enchantress) — Double, white, penciled and feathered rose pink, specially near petal edges. Deeper coloring in sunny location, loveliest in part shade. Large flowers, free flowering. Some times slow to start, medium growth. A great favorite. 50c

Rose Pink — Nice pink Ivy. 35c

Salmon — semi-double, rose pink shade of salmon, top petals with reddish veins near base. Medium sized flower. Strong, long growth. 35c

Sunset (syn. L'Elegante) — Single, pink, small flower. Bushy, medium growth. Cultivated for the foliage, typical leaf in light green, somewhat mottled yellowish and silvery green, with an irregular edge of creamy white. 50c

Willy — Double deep red. Large flower, blooms freely. Strong, medium growth. One of the best deep reds. 35c
